### Project Progress Update – 100 points:

The Project Progress Update should be typed and include at a minimum:

- **Accomplishments** – What project work did you complete during this 6 week grading period?
- **Learnings** – What did you learn during this 6 week grading period?
- **Positives** – What was the best thing that happened with the project? What exceeded your expectations?
- **Needs work** – What project areas were most troublesome? What improvements will you make in these areas? Do you have questions that Mr. Fornstrom needs to help with?
- **Timeline** – Are you ahead or behind of your project timeline? What adjustments need to be made to the timeline?
- **Self Grade** – On a 100-point scale, what grade would you assign each group member for the 6 week grading period?
- **Preview** – What are you going to do during the next 3 weeks?
- **Proofread/Grammar/Spelling** – Proofread the report and use grammar/spell check before printing and turning in.

→ **By Thursday:** sit down with Mr. Fornstrom to demonstrate project progress for this time period and review your progress report.
